He/she is supervised by the Plant Manager.

**Job Duties:**

- Should be knowledgeable about construction techniques and equipment.
- Should be knowledgeable and able to perform any duty described under the installer's and service technician's description.
- Answering customer questions about pricing, program content and cable TV technology.
- Maintain a professional appearance and vehicle appearance while also reporting any emergencies back to the base so that proper authorities can be notified.
- Should be able to repair most system outages.
- Should be able to perform a moderate level of the company's defined method of preventive maintenance and all record-keeping associated with it.
- Locate illegal connections to the cable plant and perform the defined procedure for illegal connections in as far as filing the appropriate police reports and going to court when necessary.
- Report any customer service and employee issues, problems, improprieties or recommendations to the General Manager in order to maintain the integrity and performance of the operation.
- Audit and review the quality and integrity of work performed by contract labor and Resort TV Cable Installers.
- Recommend candidates for installation positions and recommend current installers for termination due to not performing duties outlined in the installer's job description.
- Report installation quality measurements to plant manager when reviewing installers.
- Maintain the security of cable TV services at MDU complexes and recommend possible enhancement of current security at such complexes.
- Carry out special duties assigned by management.
- Evaluate and inspect vehicles once a month and maintain vehicle travel logs.

**Job specifications:**

*Education:* High School Graduate or GED

*Experience:* Cable TV Technology and Operation with past experience in customer service

*Knowledge:*

- Cable TV Principals & Technologies of the Cable TV Plant and Headend

- Knowledge of Resort TV Cable Procedures, Practices, & Policies
