

UX Designer. WEHCO Media, Inc., with multi-state newspaper, cable television, high-speed Internet, and digital phone operations has an immediate opening for a UX Designer.

The ideal candidate will possess a keen eye for usability and creating fluid front end user experiences with advanced HTML and CSS knowledge and experience writing JavaScript within a modern framework. With a focus on the user, this position works closely with the stake holders and Software Engineers to translate business objectives into engaging and intuitive user experiences.

ESSENTIAL FUNCTIONS:

- Strong background with mobile first, responsive design.
- Great visual design skills, demonstrating an eye for detail.
- Develop dynamic client-side interfaces using complex JavaScript frameworks.
- Solid experience developing/implementing animations using CSS, SVG, and HTML5.
- Excellent knowledge in the areas of UI design and UX best practices.
- Experience in Adobe Creative Suite or similar tools.
- Experience with Git source control
- Self-driven, energetic, highly technical, and capable of managing multiple priorities under pressure.
- Develop and maintain style guidelines and work with other creative teams on adhering to those design best practices.

EDUCATION/EXPERIENCE/SKILLS:

Experience working as UX/UI designer working in a fast-paced environment where managing multiple priorities under pressure is a must. Experience designing user interfaces for internal applications as well as public facing user experiences that drive engagement and desired conversions. The UX Designer, although dedicated to product design will often be tasked with frontend engineering work like working with APIs. Knowledge of frontend technologies is required.

We offer excellent full-time salary and benefits. Email your resume to jobs@wehco.com and include UX Designer in the subject line.
