

**WEB DEVELOPER.** WEHCO Media, Inc., with multi-state newspaper, cable television, high-speed Internet, and digital phone operations has an immediate opening for a WEB DEVELOPER. This position is based at our downtown Little Rock corporate office.

The ideal candidate will have excellent written and verbal communication skills and have a minimum of 2 years experience developing database-driven web-based applications.

**Requirements:**

- Ability to understand and translate management and user business requirements and develop web applications that meet those requirements
- Ability to create web applications using ASP, ASP.Net, ASP.Net Web Forms, C#, JavaScript, Bootstrap, XML, and SQL
- Use development tools including Visual Studio and SQL Server Management Studio
- Able to work with graphics design tools including Adobe Photoshop
- Experience with IIS and Apache

**Additional desired skills and experience considered a plus:**

- Soap, web services, WSDL, JSON, and API calls
- A bachelor's degree in computer sciences, information systems, or related field
- Windows SharePoint services
- Development for desktop and mobile devices using Responsive Design techniques
- Working knowledge of AngularJS (1.x), Knockout, or similar JavaScript frameworks
- Ability to write database stored procedures in MS SQL Server and interact with a variety of database technologies to query, extract, and perform data analysis

We offer excellent full time salary and benefits. Email your resume to [jobs@wehco.com](mailto:jobs@wehco.com) and include Web Developer in the subject line.
